Sonnet

Educational Partnership Program (EPP)

Empowering Innovation Through Education and Research

Overview

At Sonnet Software, research has always been at the heart of what we do. We're proud to support the creativity and innovation that professors, students, and researchers bring to the engineering world.

Our Educational Partnership Program (EPP) is designed to accelerate discoveries in classrooms and laboratories by offering deeply discounted access to Sonnet Suites- our industry-leading EM simulation software. Eligible organizations can receive 50% or more off the cost of our full commercial licenses.

EPP Benefits Include:

- Classroom and lab access to support multiple users
- Software updates, security patches, and technical support
- Flexible licensing options – perpetual or short-term to fit every project duration
- Tailored packages for academic instruction, student research, or government labs

Join hundreds of institutions worldwide already leveraging Sonnet Suites for precision EM simulation. Let's shape the future of engineering—together.
